

Hollanders In The Anglo Boer War: A Fascinating Account of the Dutch Involvement in the Boer War

The Anglo Boer War was a brutal conflict fought between the British Empire and the Boer republics of the Orange Free State and the Transvaal Republic from 1899 to 1902. The war saw the British deploy a variety of tactics, including the use of concentration camps, to try and defeat the Boers. Despite their superior numbers and resources, the British were unable to achieve a decisive victory, and the war ended in a negotiated settlement that gave the Boers a degree of self-government.

One of the most fascinating aspects of the Anglo Boer War is the involvement of the Dutch. The Dutch had a long history of involvement in South Africa, and many Boers had Dutch ancestry. As a result, the Dutch government and people were closely following the war, and many Dutch volunteers traveled to South Africa to fight on the side of the Boers.
