## About the Book

In her breathtaking new book, "Ice Country," acclaimed photographer Cida Costa takes us on an extraordinary visual journey to the frozen landscapes of the Arctic and Antarctica.

Through stunning photographs and captivating stories, Costa captures the awe-inspiring beauty and raw power of these remote and unforgiving environments. From towering glaciers to icy seascapes, she reveals the intricate details and hidden wonders of a world few have ever witnessed.

"Ice Country" is not just a coffee table book; it is a testament to the resilience of nature and a reminder of the fragility of our planet. Costa's work challenges us to confront the impact of climate change and to appreciate the beauty that may be lost before our eyes.

## **About the Author**

Cida Costa is an award-winning photographer and environmental activist known for her stunning nature photography.

Costa's work has been featured in numerous publications, including National Geographic, The New York Times, and The Guardian. She has also exhibited her work in galleries around the world.

Costa is a passionate advocate for the protection of our planet and uses her photography to raise awareness about environmental issues.

## **Reviews**

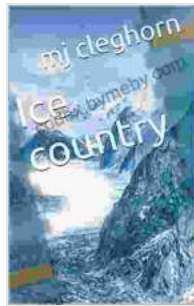

"Cida Costa's 'Ice Country' is a breathtaking visual masterpiece that captures the beauty and vulnerability of our frozen planet." — National Geographic

"Costa's photographs are a testament to the power of nature and a reminder of the importance of protecting our environment." — The New York Times
