The book is based on the premise that we all have the ability to visualize success. When we can see ourselves achieving our goals, we are more likely to take the steps necessary to make them a reality. The four simple pictures in the book will help you to create a clear vision of success, set goals, and overcome obstacles.

The first picture is of a target. This picture represents your goal. What do you want to achieve? Once you have a clear target in mind, you can start to develop a plan to reach it.

The second picture is of a path. This picture represents the steps you need to take to reach your goal. What are the obstacles that you need to overcome? How can you break down your goal into smaller, more manageable steps?

The third picture is of a person overcoming an obstacle. This picture represents your determination. No matter what obstacles you face, you need to stay focused on your goal. Keep moving forward, and never give up.

The fourth picture is of a person celebrating success. This picture represents your ultimate goal. When you achieve your goal, take a moment to celebrate your success. You have earned it!
