In the not-so-distant future, the world has been ravaged by war and a deadly virus has wiped out nearly all of the female population. The few remaining women are left to fend for themselves in a world that is now ruled by men.

Todd Hewitt is one of the few remaining boys in New Prentisstown, a small settlement in the middle of nowhere. He has grown up in a world where men's thoughts are broadcast to everyone around them, creating a constant cacophony of noise. But Todd has a secret: he can silence the Noise.

When Todd discovers a group of women hiding in the woods, he is torn between his loyalty to his community and his desire to help them. He soon learns that the women are not the monsters that the men of New

Prentisstown believe them to be. In fact, they may be the only hope for humanity.
